

Dear Parents,

I would like to take this opportunity to thank you for seriously considering TAAS as the best educational opportunity for your child. We take seriously the challenge of meeting the needs of students in this changing world. We provide a high quality educational experience with highly qualified teachers in pleasant surroundings. Our teachers are some of the best you will find anywhere in the world.

We provide a low student teacher ratio so students can have more teacher attention. We teach moral values which are important for successful growth of character in this often immoral world. We live in challenging times and we do our best to help students achieve their best potential mentally, socially, physically, and spiritually.

You will find that TAAS provides a high quality education for children of all faiths, nationalities, and ethnic groups. We accept students at their level and give them a chance to grow to their greatest potential in a loving, accepting, Christian environment.

We invite you to consider TAAS as the best educational possibility for your child. You will be glad you did!

In His Hands,

David Robinson  
Principal
